

# HackmyPHP™

## WORKBOOK

Name \_\_\_\_\_

# My journey so far

My degree \_\_\_\_\_

My field (your field is the topic you have most expertise and knowledge in)

---

---

My life skills gained through academic experience (e.g. problem solving, communication, resourcefulness, etc.)

---

---

# What I care about

What is my mission? What impact do I want to have on my field?  
Society? The world?

---

---

---

---

---

# Being inspired

Note any insights, information, things to later ponder that you encountered in the first session.

Stropkay

---

---

# Reflection

You can record your notes here during lunch.

What do I need to learn? What kind of skills do I need to be successful in my pursuits?

---

---

---

---

---

---

# Workshop takeaways

Workshop I attended \_\_\_\_\_

Most important thing I learned at the workshop:

---

---

---

---

# My options

You can record your notes here during the closing session.

What opportunities do I have? Which programs, activities, and available resources can help me with my pursuits and my career?

---

---

---

---

# My plan

What are my next steps? Which available opportunities will I explore?

---

---

---

---

---

---

# Keeping you accountable

Please tear off this page and drop it off at the box available at the registration table.

Promise to myself: I will

---

---

---

Please check in with me in (timeframe)
